<p>Lifestyles of the Stars</p> 	<p>1 – 5</p>	<p>Astral Inc, USA presents a Full Dome Show – Life Style of Stars. The show script is by Bowen Technovation, USA. See the stars and how they live. Learn who’s hot and who’s not. See the recluse, young, and old. Grab your tour map and climb aboard our AstroTours bus driven by a slightly acky tour guide, who really knows his stellar evolution! 16 minutes.</p> <p>Duration: 16 Min , Available in Hindi , Marathi, & English</p> <p>Show Preview : https://vimeo.com/user87430032</p>
<p>Dinosaurs at Dusk</p> 	<p>5 - 12</p>	<p>Dinosaurs at Dusk is a learning adventure of a father and his teenage daughter Lucy, who share a fascination for all things that fly. You'll travel back in time to meet the pterosaurs and the ancestors of modern-day birds: the feathered dinosaurs. Lucy and her father navigate from continent to continent, looking for clues about the origins of flight. When time runs out they experience first-hand the cataclysmic "last day" of the dinosaurs. Science content includes topics such as continental drift, proper motion of stars, asteroids and impacts, extinctions and the convergent development of flight among species.</p> <p>Duration: 44 Min , Available in Hindi, Gujarati & English</p> <p>Show Preview : https://vimeo.com/user87430032</p>
<p>Ice Worlds</p> 	<p>6 - 10</p>	<p>The delicate balance between ice, water and the existence of life has been a topic of scientific inquiry for generations. In travels to the Arctic and Antarctic regions of our planet, we’ll examine the ecosystems that exist and thrive there and learn how their survival is connected with our own. Beyond Earth, we’ll see how the existence of ice shapes the landscape and the natural systems on other planets and moons in our solar system.</p> <p>25 minutes. English , Hindi and Marathi</p> <p>Trailer : https://www.es.com/Shows/IceWorlds</p>

<p>Invaders of Mars!</p> 	<p>6 -10</p>	<p>Under the care of Emmy award winning space artist, Don Davis, this beautifully crafted show highlights our ongoing exploration of Mars. We explore the Martian surface as seen by Earth’s various spacecraft “invaders” and use the data gathered to explore the red planet as only CGI can. We emerge with a new perspective on the red planet Mars. Includes an optional five-minute end sequence of stereo imagery. Narrated by Tom Baker.</p> <p>25 minutes. English , Hindi, Marathi</p> <p>Trailer : https://www.es.com/Shows/InvadersOfMars</p>
<p>Journey to Infinity</p> 	<p>6 - 10</p>	<p>Our search for the secrets of life in the universe begins with an exploding supernova. We’ll see how cataclysmic events like this have helped shape and form the universe we know today. On an interactive journey through our solar system, we travel to the surface of Mars, explore the oceans under the frozen surface of Europa for signs of internal volcanism and life, witness the death and birth of stars, and unlock the secrets of mankind’s essential connection with the universe. 25 minutes. English , Hindi & Marathi</p> <p>Trailer : https://www.es.com/Shows/JourneyToInfinity</p>
<p>Microcosm: The Adventure Within</p>	<p>4 -10</p>	<p>At the Center of Miniaturized Medicine in the year 2053, you’ll shrink down to the size of a microbe and get injected into a patient who is suffering from a mysterious viral infection. As you piece together the viral clues found along the way, you’ll race against time to save the patient on a roller-coaster ride through the body. Laser battles, genetic weapons, and lots of surprises along the way make this a show audiences will want to experience again and again. Produced in cooperation with the University of Utah Medical School.</p> <p>16 minutes. English , Hindi, Marathi</p> <p>Trailer : https://www.es.com/Shows/Microcosm</p>

<p>Raising Alexandria</p> 	5 - 12	<p>Twenty-three centuries ago, Alexander the Great founded a magnificent city in Egypt called Alexandria. It was considered Egypt's most important trading metropolis on the Mediterranean and was filled with hundreds of palaces, temples, and glorious landmarks like the Great Library and the lighthouse: Pharos. All traces of the ancient monuments have vanished and today most parts of the ancient city lie in the Mediterranean seabed. We recall the memories of this ancient capital lost to time in Raising Alexandria.</p> <p>28 minutes. English , Hindi,</p> <p>Show Preview : https://vimeo.com/user87430032</p>
<p>Two Small Pieces of Glass</p> 	4 - 10	<p>Galileo's telescopic observations began a revolution, transforming our views of the cosmos and our place within. It is a revolution which, four hundred years later, continues. Today you can attend star parties where amateur astronomers set up their telescopes for public viewing. Views through such telescopes would have amazed Galileo. Two Small Pieces of Glass puts you in the middle of a modern star party. Discover the wonders that even a small amateur telescope can reveal and learn about the scientists that made such views possible.</p> <p>23 minutes. English, Hindi</p>
<p>New Horizon</p> 	5 -10	<p>From breath-taking landscapes, to violent volcanic eruptions, to Saturn's icy rings, New Horizons transports you on a majestic journey through the planets and moons of our celestial neighbourhood. Our journey begins as we follow a comet through interplanetary space. On each of our exotic ports of call, real data and images from modern space probes are transformed into stunning wrap-around visualizations</p> <p>22 mins English , Hindi, Marathi</p> <p>Trailer : https://www.es.com/Shows/NewHorizons</p>
